TO WHOMSOEVER IT MAY CONCERN

This is to confirm that **Mr. Eqan Ahmad** was employed at **Qanooni AI** as a **Junior Software Engineer** from **27th September 2024 to 28th March 2025**.

During his time at Qanooni, Eqan was part of the team working on the **AI Draft** product, which supports intelligent contract generation. His responsibilities included contributing to development tasks under the direction and supervision of senior engineers.

Eqan's role primarily involved assisting with structured assignments related to Python development and supporting internal workflows linked to the product.

We confirm his period of employment and wish him the best in his future endeavors.

Sincerely,

Ziyaad Ahmed
